

Noah Gomez

Heart of the Hawk

It is with immense pride that we honor Noah Gomez with this Heart of the Hawk award. Colusa Unified is tremendously fortunate to have Noah on our administrative team. He is a dedicated, hard-working, and passionate educator. With every decision he makes, it is apparent that he is always focused on what is best for students.

Noah's positive energy and collaborative skills are among his many strengths. Such strengths were evident when he partnered with Ms. Changus to extend offerings to our DELAC parents, and worked to update their bylaws. Additionally, Noah placed his heart into our Summer Program as the administrator. He coordinated field trips that were offered for the first time as well as a plethora of enrichment activities. His ability to lead teachers in providing a program that was both academic and engaging is to be commended.

Noah's daily efforts in cultivating a quality, student-centered learning environment while building relationships with our parents is making a tremendous impact in our district. It is our pleasure to present the Heart of the Hawk Award to Noah Gomez.
