

Laura has been a huge supporter of CHS and is always willing to go the extra mile to ensure that students and staff have what they need. She has been amazing to work with and has helped me feel welcomed to the community. We appreciate all of her support.

Laura has been a huge support to our Burchfield events. For our jog-a-thon, she organized and donated individual snack bags and water for our entire school. She also volunteered at the event handing out and organizing distribution. For our fall festival, Laura created a maze in the field for students to explore. She also brought in her snow cones and shaved ice truck which added so much to our festivities. Laura has volunteered in our parent group and been supportive with other donations also.
