

Rosemary Hicks

Rosemary joined Colusa High School in 1977. 45 years of service is worthy of pause and recognition.

Your service in itself is amazing. Thank you for inspiring all of us with your dedication and heart for our kids, families and community. Being so kind at a position like yours is such a wonderful and inspiring thing to see.

Rosemary is the face of Burchfield. She is the official greeter and knows the names of all the students and parents. And some of the parents are former students that she greeted when they went to school there. She keeps everyone informed on social media, has many duties in addition to her Administrative Assistant job. She has been seen putting on bandages, wiping tears and calming students and staff. I had the pleasure of working at Colusa Unified School District with Rosemary for 10 years. It was amazing how she knew and still knows the history of all the families in Colusa. Melissa once told me that Rosemary is a perfect liaison for our district. She definitely facilitates a close working relationship between our district and the community of Colusa. Thank you for the amazing job you do every day.

It is my pleasure to present the Heart of the Hawk award to Rosemary Hicks.
