

Scott Lantsberger

Scott joined Colusa Unified School District in September of 2018. Scott has been very analytical and solution oriented during his service to our district. He is very flexible, and he has shown that he can quickly adapt to changes in his role. Scott has been a tremendous asset to our district.

His presentations of our financials have been thorough and easy to understand. Our district is so lucky to have such a reliable, dedicated and professional employee. It is my honor to present Scott Lantsberger with the Heart of the Hawk Award.
