

Kirsty Ochs

Heart of the Hawk

While I have been out on medical leave, Kirsty has been helpful to my substitute in a million tiny ways.

These small assistances have made life easier and have taken away a layer of stress from my already stressful days.

Kirsty is conscientious on behalf of her own students, but has extended that to my students as well.

She is always lending a helping hand and solving problems that pop up out of nowhere.

She is an amazing friend, colleague and teacher. We are all lucky to work beside her. Thanks for all you do, friend.
