

Eric Lay

Heart of the Hawk

Mr. Lay is an incredibly dedicated support to all of our students. As a coach, he has seen our Baseball and Football teams to the state championships and has won them both in the last year. Yet he remains humble, patient, and kind with all of his players.

Mr. Lay has provided support to both CHS and CAHS students and creates an environment of trust and respect with each of his students.

As an Athletic Director, Mr. Lay has been highly organized and supportive of all sports on campus and is a present figure at almost all home games. His dedication to his students, clarity with his staff and punctuality is exactly what is needed for our school to be successful both academically and athletically.

I can think of no one more deserving of such an award as he has shown such compassion, love, and dedication to our students, staff and community.
